# ANNUAL REPORTS

OF THE

TOWN OFFICERS

GC 974.402 W539AR, 1915

OF

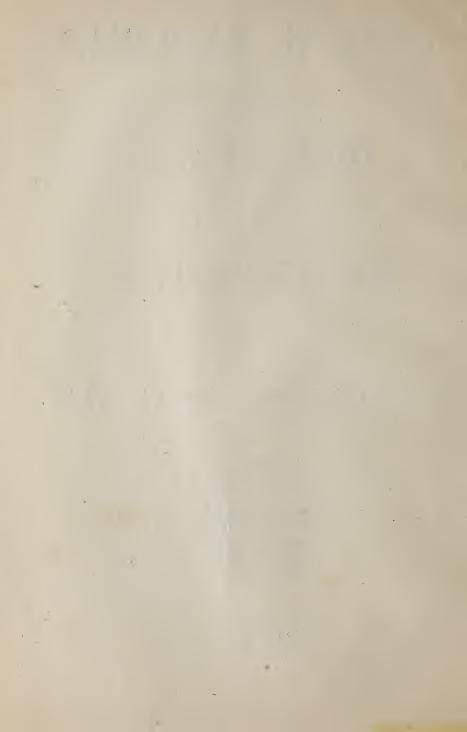

# WESTMINSTER

FOR THE

Year Ending December 31, 1915

Press of MEALS PRINTING CO Gardner, Mass,

# TOWN WARRANT

Worcester, ss.

- To either of the Constables of the Town of Westminster in the County aforesaid, GREETING:
- In the name of the Commonwealth of Massachusetts, you are directed to notify the Inhabitants of the Town of Westminster, qualified to vote in Elections and in Town affairs, to meet at the Town Hall, in said Westminster, on Monday the Sixth day of March 1916, at nine o'clock in the forenoon, then and there to act on the following Articles:
  - Article 1. To choose a Moderator to preside at said meeting.
- Art. 2. To hear the report of any committee chosen by the Town, and act thereon.
- Art. 3. To choose all necessary Town Officers for the ensuing year: also to vote by ballot, "Yes" or "No", on the question, "Shall license be granted for the sale of intoxicating liquors in this Town."
- Art. 4. To raise such sums of money as may be necessary for the support of schools, repairs of roads and bridges, public charities, pay of Town Officers, soldiers' relief, library, electric lights for streets, hall and fire station, miscellaneous and contingent expenses, and appropriate the same.
- Art. 5. To see what compensation the Town will allow the Collector of Taxes the ensuing year, and determine the terms upon which they shall be collected or act relative thereto.

- Art. 6. To see if the Town will authorize the Treasurer with the approval of the Selectmen, to borrow such sums of money in anticipation of revenue as may be necessary for the ensuing year.
- Art. 7. To see if the Town will vote to accept the list of Jurors as revised by the Selectmen, or act in relation thereto.
- Art. 8. To choose all necessary committees for the ensuing year.
- Art. 9. To see if the Town will raise and appropriate any sum of money for Post 69 G. A. R. to assist them in observing Memorial Day, and care of grounds around the monument or act thereon.
- Art. 10. To see if the Town will choose an agent or agents to prosecute and defend all suits in behalf of the Town or act thereto.
- Art. 11. To see if the Town will vote to raise and appropriate any sum of money for the care of cemeteries or act relative thereto.
- Art. 12. To see what sum of money the Town will raise and appropriate for the use of the fire department and to determine what compensation shall be paid to the enginemen, or act thereon.
- Art. 13. To see if the Town will raise and appropriate any sum of money for the use of the board of health, or act relative thereto.
- Art. 14. To see what sum of money the Town will raise and appropriate for the use of the tree warden, or act thereon.

- Art. 15. To see if the Town will raise and appropriate any sum of money for the use of the moth superintendent in destroyings gypsy and browntail moths, or act relative thereto.
- Art. 16. To see if the Town will raise and appropriate any sum of money for the purpose of furnishing bonds for treasurer and collector of taxes, or act thereon.
- Art. 17. To see if the Town will raise and appropriate any sum of money for the care of the clock on the Baptist Church, or act thereon.
- Art. 18. To see if the Town will raise and appropriate any sum of money to carry out the provisions of Chap. 502 of the Acts of 1906 in regard to Medical Inspection of Schools, or act in relation thereto.
- Art. 19. To see if the Town will empower the collector of taxes to use all means for collecting taxes, which a Town Treasurer may use when appointed collector.
- Art. 20. To see if the Town will raise and appropriate any sum of money for the purpose of laying the dust on Main Street, or act in relation thereto.
- Art. 21. To see if the Town will raise and appropriate any sum of money for care of sidewalks in the Center Village in winter, or act thereon.
- Art. 22. To see if the Town will appropriate the sum of one hundred dollars for the purpose of assisting the Improvement Society to construct new walks in the village.
- Art. 23. To see if the Town will vote to raise and appropriate any sum of money towards restoring the Wyman fund so-called.

- Art. 24. To see if the Town will raise and appropriate any sum of money to pay for survey made in North end School district.
- Art. 25. To see if the Town will vote to exchange one copy of Heywood's history of Westminster for a copy of History of Princeton.
- Art. 26. To see if the Town will raise and appropriate the sum of one hundred and twenty-five dollars for a power sprayer in cooperation with the State Forestry Dept., or act relative thereto.
- Art. 27. To see if the Town will vote to raise and appropriate any sum of money to build a School House in the Northerly part of the Town and choose a building committee for the same.
- Art. 28. To see if the Town will vote to raise and appropriate any sum of money to furnish Town Scales, or act thereon.
- Art. 29. To see if the Town will vote to install a street light on Brook Ave., or act thereon.
- Art. 30. To see if the Town will vote to install three street lights on the old Gardner road, or act thereon.
- Art. 31. To see if the Town will vote to install one street light at the middle of Eliot Street and one on same street at State Road.
- Art. 32. To see if the Town will vote to install street lights from Slaughter House to square near F. W. Fenno's cottage, or act thereon.
- Art. 33. To see if the Town will vote to install two street lights on the Ashburnham road, or act thereon.

Art. 34. To see if the Town will vote to install two street lights on road leading from Charles H. Smith's residence to Old Common, or act thereon.

Art. 35. To see if the Town will vote to raise and appropriate any sum of money for a revaluation of the Town, or act thereon.

Art. 36. To see if the Town will raise and appropriate any sum of money for the suppression of Disorderly Houses, or act relative thereto.

And you are directed to serve this warrant, by posting up attested copies thereof at each of the Public Meeting Houses in said Town, fourteen days, at least, before the time for holding said meeting.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting as aforesaid. Given under our hands this nineteenth day of February in the year one thousand nine hundred and sixteen.

Voted that the tax collector be allowed one cent on each dollar collected, subject to the following conditions:

All discount abolished. All taxes paid after October 1st, 1915, shall pay six per cent per annum additional.

Art. 6. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow such sums of money in anticipation of revenue as may be necessary for the ensuing year.

Voted that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year, and to issue a note or notes therefor, payable within one year, any debt or debts incurred under this note to be paid from the revenue of said financial year.

Art. 7. To see if the Town will accept the list of jurors as revised by the Selectmen, or act in relation thereto.

Voted to accept.

Art. 8. To choose all necessary committees for the ensuing year.

Voted and chose Ernest C. Mansur, Ernest Vieweg and Charles L. Smith as a committee to investigate the north part of the Town in regard to any proposed changes of town line and to report at a future town meeting.

Art. 9. To see if the Town will raise and appropriate any sum of money to Post 69, G. A. R., to assist them in the observance of Memorial Day and care of grounds around the monument, or act thereon.

Voted to raise and appropriate one hundred dollars.

Art. 10. To see if the Town will choose an agent or agents to prosecute and defend all suits in behalf of the Town, or act in relation thereto.

Voted, that the Selectmen act as such agents.

Art. 11. To see if the Town will raise and appropriate any sum of money for care of cemeteries, or act relative thereto.

Voted to raise and appropriate three hundred dollars.

Art. 12. To see what sum of money the Town will raise and appropriate for use in the fire department, and to determine what compensation shall be paid to the engine men, or act relative thereto.

Voted to raise and appropriate \$700 for the use of the fire department. Voted to pay the firemen of both companies (except the nozzle men), five dollars apiece per year and the nozzle men ten dollars apiece and to pay twenty-five cents per hour for brush fires and still alarms for other fires.

Art. 13. To see what sum of money the Town will raise and appropriate for the maintenance of the public library, or act thereon.

Voted to allow the dog tax fund and to raise and appropriate four hundred dollars.

Art. 14. To see what sum of money the Town will raise and appropriate for the use of the tree warden, or act thereon.

Voted to raise and appropriate two hundred dollars.

Art. 15. To see if the Town will raise and appropriate any sum of money for the use of the Board of Health, or act relative thereto.

Voted to raise and appropriate three hundred dollars.

Art. 16. To see if the Town will raise and appropriate any sum of money for the purpose of laying the dust on the main street of the village, or act in relation thereto.

Voted to raise and appropriate two hundred and sixty dollars for the purpose of laying the dust on Main Street. Art. 17. To see if the Town will raise and appropriate any sum of money for the purpose of furnishing bonds for treasurer and tax collector, or act thereon.

Voted to raise and appropriate ninety dollars for furnishing bonds for Town Officers.

Art. 18. To see if the Town will raise and appropriate any sum of money for care of the clock on the Baptist church, or act thereon.

Voted to raise and appropriate twenty dollars.

Art. 19. To see if the Town will vote to raise and appropriate any sum of money for the use of the moth superintendent in destroying gypsy and brown-tail moths, or act in relation thereto.

Voted to raise and appropriate four hundred dollars.

Art. 20. To see if the Town will raise and appropriate any sum of money to carry out the provisions of Chapter 502 of the Acts of 1906.

Voted to raise and appropriate fifty dollars. (Relative to school physician.)

Art. 21. To see if the Town will empower the collector of taxes to use all means for collecting taxes which a town treasurer may use when appointed collector.

Voted to so empower.

Art. 22. To see if the Town will raise and appropriate any sum of money for the care of sidewalks in the Center Village in winter, or act in relation thereto.

Voted to raise and appropriate fifty dollars.

Art. 23. To see if the Town will vote to raise and appropriate any sum of money towards restoring the Wyman water fund, so called.

Voted to raise and appropriate five hundred dollars.

Art. 24. To see if the Town will vote to install three electric lights on the old Gardner road. One near the bridge, one opposite telephone pole No. 12 and one near the residence of Mrs. Bell.

Voted to raise and appropriate sixty dollars.

Art. 25. To see if the Town will vote to install one electric light on Bacon Street near the residence of Mr. Mansfield.

Voted to install.

Art. 26. To see if the Town will vote to change the date of its annual town meeting.

Voted not to change, and that Selectmen meet last Saturday in months of January and February.

Art. 27. To see if the Town will vote to allow gambling games of any kind on street, cattle show day, or act thereto.

Voted to pass the article.

Art. 28. To see if the Town will appropriate the sum of one hundred dollars for the purpose of assisting the Improvement Society to construct new walks in the village.

Voted as stated in the article.

Art. 29. To see if the Town will vote to choose a committee to oppose before the Legislature any change in the town lines or act anything relative thereto.

Voted and chose Hobart Raymond, Frank W. Fenno and W. H. Waterhouse.

Art. 30. To see if the Town will vote to continue to support the indoor poor at the Charlton Poor Farm Association Plant, and choose the Overseers of the Poor, or some committee to carry such action into effect, or act anything relative thereto.

Voted that Overseers of Poor be authorized to sign papers to continue.

Art. 31. To see if the Town will authorize the Selectmen to install an electric light near the slaughter house, one at Marshall's corner, one on the square near the cottage of F. W. Fenno and others from there to the Learned Corner on the Princeton Road or act anything relative thereto.

Voted to raise and appropriate sixty dollars to install lights near slaughter house and Marshall's Corner.

Art. 32. To see if the Town will vote to raise and appropriate any sum of money for the purpose of supplying water for the Narrows school, also for a watering tub at the corner of the roads near the schoolhouse, or act anything relative thereto.

Voted to leave in the hands of Selectmen.

Art. 33. To see if the Town will vote to raise and appropriate the sum of two hundred dollars for the purpose of enforcing the liquor laws, or act anything relative thereto.

Voted to pass the article.

Art. 34. To see what action the Town will take in regard to the flowage as maintanied by William M. Roper on the Hubbardston Road so called, or take any action to put the road in a safe condition.

Voted that the Selectmen look into the matter and if necessary, to employ counsel and have it put in a satisfactory and safe condition.

Art. 35. To see if the Town will adopt the official ballot as provided by Sec. 364 and 365, Chap. 11 of the Revised laws or act in relation thereto.

Voted to pass over.

CHARLES F. GILES, Town Clerk.

Yes, ninety-four

No, fifty-nine

94

At 6.00 o'clock P. M. voted to dissolve the meeting.

CHARLES F. GILES, Town Clerk.

# SPECIAL TOWN MEETING

Held November 2, 1915

Article 1. To choose a moderator.

Frank W. Derby was chosen.

Art. 2. To hear the report of any committee chosen by the Town and act thereon.

E. C. Mansur made report for the committee chosen at March meeting, 1915, to investigate the North part of the Town in regard to any proposed changes of Town lines.

Report, in part, was as follows:

Out of nine residents who would be affected by a proposed change in the town line, three wanted to be set off to Fitchburg and six reported, at time of investigation, to be in favor of staying in Westminster.

Most of said residents thought there was need of a new school house in the District.

The total receipts from taxes in the district affected by the proposed change in town line for the year 1915 amounted to \$689.78, and the total expense to the town, including three per cent of the State, County and moth tax, expenses of school and highways, was estimated by the committee at \$818.97, showing a loss to the Town of \$129.19.

Voted to accept the report.

Art. 3. To see if the Town will vote to rescind the vote at the meeting of March, 1915, choosing a committee to oppose annexation plans of William Hartnett and others, or act anything relative thereto.

Voted to dismiss the article.

Voted to dissolve the meeting.

CHARLES F. GILES, Town Clerk.

# REPORT OF CEMETERY COMMISSIONERS

FOR THE YEAR ENDING DEC. 31, 1915

The past year has been more favorable for the care of the cemeteries than the previous year. We have had enough moisture to keep the grass looking well.

At Woodside we have trimmed out several of the bad looking trees, and much of the unsightly looking brush near the highway, and some progress has been made in repairing the walls which have been in bad condition.

Two lots have been sold. At Mt. Pleasant several lots have been put in fine condition, and the grounds have shown a neat appearance.

A new water tub and waste basket have been provided, and one lot has been sold.

At Whitmanville the grounds are looking better than for many years. The wall and gateway have been changed for the better, and one lot has been sold.

The Commissioners respectfully recommend an appropriation of four hundred dollars for the coming year.

# REPORT OF LIBRARY TRUSTEES

The trustees of the Forbush Memorial Library are pleased to report that the past year has been in many respects the most successful year in the history of the library. The number of patrons has been largely increased. The books and periodicals added have greatly increased its practical usefulness and interest. The service rendered by the Librarian and her assistants has been intelligent, painstaking and courteous..

The more than eight thousand volumes now upon our shelves contain all the best fiction and aids for research in all lines of general information, and should prove a valuable adjunct to the schools and a wholesome means of entertainment and mental uplift to the community.

The library ranks among the very best in the Commonwealth, in communities like our own, and should be an object of pride to every citizen.

To enlarge the scope of its usefulness, additional funds are needed. Gifts and bequests could be used to great advantage in enriching its service to the town.

# REPORT OF LIBRARIAN

To the Trustees of the Forbush Memorial Library.

The report for the year ending December 31, 1915, is herewith submitted.

The statistics show a gain in circulation of 17 per cent, and there is a corresponding increase in the general library work.

Textbooks have been purchased or borrowed whenever it has been necessary in giving practical aid in business occupations; and for recreation, two books of fiction are allowed each borrower in addition to non-fiction and periodicals.

The teaching of reference work to the higher grades of the Center schools has been commenced, the schools being sent to the library for that purpose.

Over five hundred Government reports have been returned to Washington without expense, thus giving room for books which are needful.

New stacks have been placed in the storeroom on the second floor for the filing of periodicals used for reference work.

Each year many interesting additions are made to the collection in the Art Room. "Old-fashioned" relics of other days are especially desirable, and may be safely loaned or placed there as a gift.

Through the continued kindness of "The Woman's Education Association" collections of pictures are loaned several times during the year.

The library has a list of sixty-six correspondence courses offered by the Department of University Extension under the direction of the Board of Education. It is intended to place upon the shelves all books necessary for the pursuance of these courses and to aid those who are interested in the opportunities offered.

#### LIBRARY STATISTICS

Days open during the year,	103
Largest day's circulation, March 27,	203

### TREE WARDEN'S REPORT

The sum of two hundred dollars was appropriated by the Town at the annual March meeting for the use of the Tree Warden. \$25.00 of the appropriation was used for cleaning up and burning brush that was cut the previous year; the remainder of the appropriation was used for cutting and piling brush that was cut to the back lines of the ditches.

If it is the wish of the townspeople to have the brush cleared farther back from the ditches it will need more money appropriated for the work.

Respectfully submitted,

W. F. NEAL, Tree Warden.

Approved February 5.

F. E. MILLER, F. W. MOSSMAN, Auditors.

# REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee of Westminster.

I herewith submit for your consideration my third annual report, being the twenty-sixth of this superintendency union.

It is a pleasure to record a year of faithful work and steady improvement. Changes of teachers have been few. At the close of the school year Miss Helen M. Maney of the Grammar School resigned to accept a position in the Leominster schools, and the vacancy thus caused was filled by the election of Miss Grace B. Boland of Fitchburg, a graduate of the Fitchburg Normal School.

Mr. Arthur E. Robinson, who had charge of the work in Practical Arts until the end of June, was succeeded by Mr. Perry O. Holden of Leominster. Change of organization vacated Miss Claudia L. Julian's position as assistant in the Primary School at the end of June, but she was later made teacher of the reopened North Common School. These are the only changes of the year, and constitute an unusual record.

The reopening of the North Common School was brought about because of the urgent request of some of the families living in that district, and because it would relieve to some extent the over-crowded condition of the Whitmanville school. There were, however, only nine pupils in it, and that number has been reduced to eight by the removal of one family from town. This is too small a number for a successful school, and I should recommend that it be continued only so long as seems absolutely necessary.

The problem of the North Westminster district, which has been so prominently before the town for the last year, is not an easy one. The topography of that part of the town renders direct communication with the Center extremely difficult, if not impossible. The valley roads, running between parallel ridges, all point to Fitchburg and not to Westminster. The location of the school as at present maintained on the Fitchburg-Ashburnham road is not felt to be satisfactory to the residents in the more northerly part of the town; nor, if it were transferred to their locality, would it be at all available for those who now find it convenient. I do not think that any one locality could be found where a schoolhouse would be reasonably satisfactory to all the residents of this district. I should recommend, therefore, that the present treatment of this matter by the Committee be approved and continued, viz., that the tuition of those pupils who can more easily reach a school in Fitchburg be paid there by the Town, and that a school be maintained as now in the lower part of the district. The residents of this locality are fortunate in having the services of Mrs. Virginia F. Brenenstuhl, a teacher of long experience and great ability. The arrangement whereby the school is taught by Mrs. Brenenstuhl in her own house is exceptionally advantageous to the Town, and care should be taken not to overturn it for something less desirable and more expensive.

At the opening of the term in September it was found that the membership of the Primary School was still too large for the seating capacity of the room. To save the expense of an assistant teacher it was determined to try again the plan attempted at the beginning of last year, and divide the school into two sections, the second and third grades attending in the morning and the first grade in the afternoon. Though not in all respects satisfactory, this arrangement has seemed the best that could be made, and will probably be continued for the balance of the year.

The work in Practical Arts has been continued as last year. Among the projects carried through are the erection of shelves

in the supply room, and the preparation and numbering of tin drinking cups which will be distributed among the districts in the spring for individual use. Before the work on the shelves was completed several book-cases, formerly used in the town hall, were donated to the Committee and were substituted for a portion of the contemplated shelves. The work of adjusting and placing the book-cases was all done by the boys of the practical arts classes.

The special aim of the work under Mr. Holden has been rather to secure a degree of skill in the various manual operations than to complete a large number of different projects. The results in neatness and accuracy of work have been very gratifying.

The girls of the seventh and eighth grades, during the time the boys are engaged in manual training, have continued under the direction of their teachers to apply themselves to various practical projects in sewing and dressmaking. With the assistance of Miss Maney they succeeded in raising funds for the purchase of an excellent sewing machine, of which very instructive and profitable use is being made.

The organization of the High School has been continued practically the same as last year. The work in biology and general science, under the able direction of Mr. Baker, is proving very interesting and instructive. The scientific course has been enriched by adding a class in general chemistry, which is making excellent progress. The pupils are performing many individual experiments in spite of the lack of suitable laboratory facilities.

All the instruction in science is made very practical. Wherever possible, study is made of the actual object. Seeds are germinated in the classroom, vegetable and animal forms are examined under the microscope, and specimens of all sorts are brought in for examination and study. The bearing of each scientific principle upon the affairs of everyday life is carefully pointed out and, wherever possible, illustrated.

A class in modern history has been formed for the special study of the events of the last century, and particularly with reference to their relationship to the tremendous struggle now going on in Europe.

The other departments of the school are following the usual course. The work in all is, as a whole, faithful and satisfactory.

Last spring the agent of the State Board, after inspecting the school, placed it on the list of high schools approved to admit graduates on certificate to the State Normal schools in Class A. "A high school in Class A may certificate to a State normal school any graduate" who attains a specified standing. This is the highest form of approval granted, and is a splendid testimonial to the work of the teachers and Committee in building up the school, and of the Town in its staunch support, both material and moral. But it must not be forgotten that this approval is given only from year to year, and is dependent not only upon accomplishment, but also upon evidence of continued effort for improvement. It is not to be taken, therefore, as showing that we have a perfect school, but that we have a good school and are believed to be making consistent and continuous attempts to So long as we persist in this course we shall have a better. maintain our standing; the moment we assume that we have done enough, we are likely to find ourselves no longer on the approved list.

During the year a strong effort has been made to arouse the interest of the children in securing a better attendance record. To this end a list of the schools arranged according to their percentages of attendance is posted in the different rooms each month, and the pupils are urged to do everything possible to raise the standing of their school in this list. A similar list giving the standing of the schools for the year in this regard is printed with this report. The Roll of Honor in attendance is given a separate page, and the names of those pupils who have not been absent a single day are printed in black-faced type. Good results have followed

this plan. The Lake school has reported one month of perfect attendance, and the average attendance of all the schools for the year is 2.3 per cent higher than last year.

There is no one element more important for successful scholarship than regularity and punctuality of attendance. I am well aware that the peculiarities of our climate and the character of some of our roads present serious obstacles, but determination and energy can overcome many of the difficulties. I earnestly request the co-operation of parents in our efforts to raise our standard in this regard.

I ask your careful consideration of the reports of the supervisors, school physician, and attendance officers, and the tables of school statistics, submitted herewith. In closing I wish to express my thanks for the whole-hearted support of the Committee, the faithful and effective work of the teachers, and the courtesy and consideration of parents in their relations to school work.

Respectfully submitted,

H. C. WALDRON, Superintendent of Schools.

February 1, 1916.

## Report of Supervisor of Drawing.

Mr. H. C. Waldron, Superintendent of Schools.

Dear Sir: According to custom I submit the following report upon drawing.

The course of study in the first three grades consists of illustrative drawing, free-hand cutting and construction work in connection with the study of different nations and holidays, and making and decorating with paper, raffia and colored crayon.

The course of study in the next three grades consists of illustrative drawing, pictorial drawing, study of color, and making and decorating with construction paper, raffia and stencil cloth.

The course of study in the grammar grades consists of pictorial drawing, object drawing, working drawings, study of perspective, study of color, constructive problems and applied design in book-binding and basketry. A study of home furnishings is also included in these grades.

In the High School this year there is a small class in freehand drawing and a large class in mechanical drawing. Color and design as applied to home furnishings is the principal topic of study in the free-hand drawing class this year. Very neat, accurate work is being accomplished in the mechanical drawing class.

Results attained have been very encouraging, and I wish to thank the Superintendent, the School Committee, and the teachers for their co-operation.

Respectfully submitted,

JEANETTE WOOLFORD,
Supervisor of Drawing.

## Report of Supervisor of Music.

Mr. H. C. Waldron, Superintendent of Schools.

Dear Sir: The following is a report of the work done in music in the schools.

The aim in teaching music in the public schools is to stimulate and develop the musical capacity which exists in nearly all children to the end that our people may become a nation of music lovers, a people getting joy and happiness, culture and refinement from the art which above all others is the art of the people.

The following plan is used. The pupils of the first grade are taught simple rote songs. This year I have used the "Mother Goose Melodies" for this work. With these the children have been delighted. A copy of Dann's Primer (a rote song book) has been placed in the hands of each teacher.

In the second and third grades technical work is introduced. This includes scale singing, scale writing, singing of intervals, ear training, and a little sight singing. Songs and exercises are taught by rote and by note. In the intermediate and grammar grades two, three, and four-part singing are introduced. The technical work, sight-reading and sight-singing, are so developed that when the pupils enter the High School they are able to take up chorus-singing.

The pupils of the Center School have heard much good music on the Victrola and have a keen interest and enjoyment in things musical. Ten pupils of the High School have taken the course in musical history. This course has been supplemented by the Victor records.

In April an entertainment was given with success by the pupils of the primary and intermediate grades, the proceeds of which were used for the purchase of new records.

As usual the music for graduation was furnished by the pupils of the High School. They were ably assisted by Mrs. F. A. Meriam, organist, Mrs. G. L. Dawley, pianist, and Isadore Horin, violinist.

As required, I have visited the district schools once in two weeks during the fall and spring terms, and the Center school each week during the school year.

To the Committee, Superintendent, and the teachers I extend my sincere thanks for their hearty co-operation.

Very respectfully,

EDITH M. GRIFFIN,

Music Supervisor.

February 1, 1916.

## Report of Supervisor of Practical Arts

Mr. H. C. Waldron, Superintendent of Schools.

Dear Sir: I herewith submit my report as Supervisor of Practical Arts.

The object of the course is to develop a skill that requires the power to see quickly and correctly and to express truthfully; that is, to develop taste.

Most of the work thus far has been woodworking, although some general repairing about the school building has been done. The pupils show much interest and take hold with zeal. Much time has been taken to make the work thorough, so that the boy may have a clear idea of what he is doing before attempting something bigger.

The shelves and bookcases in the stock room are near completion. The sheathing of the boys' basement will probably be the next large undertaking.

I wish to thank all who have aided me in the work.

Respectfully submitted,

PERRY O. HOLDEN.

January 1, 1916.

## Report of Medical Inspector

H. C. Waldron, Supt. of Schools, Westminster, Mass.

#### Dear Sir:

The schools have been inspected according to law. I wish to submit the following report. The inspection was made of both pupils and buildings. I found the schoolhouses in good condition, with few exceptions which were easily remedied.

The total number of children examined was two hundred and fifty-four. Of this number forty-seven (47) were vaccinated. The number of vaccinations was large this year owing to the prevalence of chicken-pox at the time of the last inspection.

#### The following is the complete list of defects found:

Poor teeth,		128
Tonsils,		31
Cardiac Disease,		8
Skin Disease,		5
Eyes,		1
Ears,		1
Adenoids,		8
Pediculosis Capitis,	,	1
Defects of Spine,		1
Enlarged Cervical Glands,		. 1

Respectfully submitted,

GEO. MOSSMAN,

Medical Inspector.

Westminster, Mass., January 1, 1916.

## Report of Attendance Officers

Mr. H. C. Waldron, Superintendent of Schools.

Dear Sir: In accordance with custom the following report is submitted for the year 1915.

Several cases of absence have been reported and have been carefully investigated, either by calls upon the parties concerned or by inquiries of those familiar with the facts. The principal reasons for non-attendance have been found to be sickness, lack of proper clothing, or too great distance for the children to walk in bad weather. In each case an understanding has been reached and the children have resumed their attendance.

Respectfully submitted,

ALFRED R. DURLING, JAMES McGEE, Attendance Officers.

January 1, 1916.

### Roll of Honor

Pupils who have not been absent during the school year ending June, 1915:

High — Barbara M. Fenno, Ellen E. Harrington, Leonard Roby.

Grammar — Harriet M. Smith.

Intermediate — Charles N. Fenno.

Lake — Anna M. Miller, Uno Mustikka, Edward H. Page, N. Ray Page.

Minott — Ethel Despin, Francis Despin, Ida Hakkila, Yalmer Matson.

Whitmanville - Doris Hromada, Ralph Wells.

Pupils who have not been absent more than one day:

High — James Hoover, Godfrey Rowley, Ethel M. Withington.

Depot — Fritz Kajander, Wieno Kajander.

Lake — Grace G. Brigham, Joseph B. Miller, Lillian H. Page.

Minott — Edna Despin, Eli Horin.

Narrows — Charles C. Durling.

Whitmanville — Edna Hromada, Clifford Wells.

Pupils who have not been absent more than two days:

High — Helen E. Willis.

Grammar — Harriet M. Smith.

Minott — Annie Elola, Martha Hakkila.

Narrows — Marion D. Rowe.

Pupils who have not been absent more than three days:

High — George H. Clark, Robert M. Denton, Ruth L. Derby.

Grammar — Clyde N. Mansur, Rudolph Tofeldt

Depot - Ralph Roper.

Lake — E. May Brigham.

North Westminster - Eva Marchand, Mary Wiswell.

### Graduation Exercises

#### Nihil sine Labore

Graduating Exercises of the Westminster High School, Class of 1915, Congregational Church, Friday evening, June 18, 1915, 8 o'clock.

Invocation,
 Rev. W. C. McAllester, D. D.
 Song — "Nightingale and Rose"

Lehnert

School.

3. Essay — "Charles Dickens,"

Blanche I. Gates

4. Essay — The Tradition of "Redemption Rock."

Laurence C. Towle

5. Essay — "Edward MacDowell," His Life and Ideals, illustrated by three of his compositions

Rena R. Rice

6. Recitation — "The Boy Orator of Zekato City,"

Richard Harding Davis

Carl A. Sargent

7. Essay — "Bacteria and their Relation to Man."
Henry H. Miller

8. Song — "La Spagnola,"

di Chiara

Girls' Chorus

9. Address.

Rev. A. D. Smith, of Milton, Mass.

10. Song — "Ave Maria," Bach-Gounod

School, assisted by

Mrs. F. A. Merriam, organist Mrs. G. L. Dawley, pianist Isadore Horin, violinist

11. Presentation of Diplomas.

Superintendent H. C. Waldron

#### Graduates

Blanche Isabelle Gates Rena Rosamond Rice, \*Henry Hayward Miller Carl Aaron Sargent

Laurence Clayton Towle

Class Colors: Purple and Orange

Class Flower: Violet

\*Completed the full course in three years.
